-

Projects and Ventures

TIA Entrepreneurship at Colgate University, Hamilton, NY ([Bit.ly/isyllabi](https://bit.ly/isyllabi))

Sep 2020 - Present

- Accepted into the Colgate Thought Into Action Incubator to develop my venture/app, iSyllabi, an organization and task management app for college students.
- Working with experienced mentors to develop critical entrepreneurial skills: creating a business pitch, conducting business interviews, modeling business structures, and networking with fellow entrepreneurs.
- Utilized Google Appsheet to create a cross-platform app that can organize student assignments for all of their classes. Collected user feedback through surveys to make improvements.

Hack In Place 2.0 Hackathon

Feb 2021

- Participated in a 3-day hackathon to innovate solutions to the crises of the pandemic.
- Worked with a team of 5 students across the US to develop a web app - using ReactJS on the frontend and Flask on the backend - that helps small business monitor traffic and customer purchases

Portfolio Website

Feb 2021

- I built a modern and responsive portfolio website to showcase my personal projects, using HTML5, CSS, JavaScript, Unsplash API, templates, and stock images.
-

Work Experience

Colgate University Computer Science Department, Hamilton, NY

Sep 2020 - Present

Lab Teaching Assistant

- Empowering students in their Intro to Computing classes to solve their lab problems independently by guiding them in the right direction, communicating with them one-on-one to address their needs, and proactively reaching out to those who may not be confident about speaking up.

Colgate University CLTR, Hamilton, NY

Sep 2020 - Present

Calculus 1 Peer Tutor

- Provide one on one tutoring to students taking Calculus 1, for an hour or longer, by walking them through solving problems to explain concepts and improve their Calculus skills.

Colgate University Mail Center, Hamilton, NY

Sep 2019 - May 2020

Mail Clerk

- Distribute mail to upward of 50 students a day by organizing 100+ packages per day to ensure accurate delivery.
 - Communicate with students face to face and address their needs. Support students with sending mail from campus, issues with mailboxes, delayed packages to ensure customer satisfaction.
-

Club Involvement

Colgate Coders at Colgate University

Fall 2019 - Present

- Work with a group of students with a passion for coding to improve programming skills.
- Attend talks and presentations by professionals across the tech industry to gain industry insight.
- Compete in hackathons to improve technical ability and collaborate with members to learn new skills.
